

## **SCHOOL BOARD ADVOCACY**

One of the School Board's important functions is to serve as an advocate for the District and all of its students, and, more generally, as an advocate for public education and educational excellence and equity. The Board's advocacy role encompasses intra-district and local community responsibilities, and it also extends beyond the District to include regional, state, and even national concerns.

Advocacy activities are attempts to engage and communicate effectively with others. Advocacy activities have varied purposes and include activities that aim to collaborate, promote, influence, persuade, listen, problem-solve, or simply inform.

All Board members are encouraged to engage in advocacy efforts. Any positions communicated should represent those approved by the Board. If not approved, Board members should clarify that the position is his/her own.

The Board authorizes and encourages the Superintendent and Board President to structure portions of Board meetings as advocacy opportunities, such as showcasing particular student accomplishments, District programs, and District partnerships, and by using meeting time to identify and address legislative and other advocacy opportunities. The Board may appoint a Legislative Liaison to facilitate this work.

Specifically related to legislative and public policy issues, the Board seeks to both proactively and reactively engage and advocate on behalf of the District and its students with lawmakers, agency personnel, and other government officials. On matters of common concern, the Board will leverage the resources and activities of interest-based collaborations and of regional and statewide associations that are pursuing shared interests and objectives.

In pursuing the Board's legislative and public policy advocacy goals, the Board may not

- (1) campaign for or against any particular candidate(s) in an election;
- (2) use District funds to make contributions to any candidate or partisan committee; or
- (3) use any public resources for any other political purpose that is prohibited by law.
