

SCHOOL/COMMUNITY RELATIONS GOALS

Intelligent, informed public support of the schools is dependent upon knowledge, understanding, and participation in the efforts, goals, and programs of the School District. The Board and the School District will strive to encourage and maintain public involvement in District affairs. They will assume responsibility for informing the public about District programs and activities, ensure full public access to information, and provide opportunities for participation by residents of the District.

Cross Reference: Public Participation at Board Meetings, 183

Adoption Date: January 23, 1989
